FOR IMMEDIATE RELEASE

CIT Relay & Switch Offers A Broad Range of Process Sealed Switches

Minneapolis, Minnesota – Process sealed switches offer dust tight housing with protection against splashing water, low pressure water jets or temporary immersion up to 1 meter with sealing degree reaching up to IP67. Also available with some series are protective splash-proof boots. See individual series types to determine sealing degree. Sealing options from CIT Relay & Switch range from miniature surface mount tactile switches all the way up to 40mm anti-vandal switches.

Lead-time averages 6 to 8 weeks. Volume pricing is dependent on option choices. Contact CIT directly for a quote and sample to solve your sealed switch needs.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
