

### **CIT Relay & Switch EU REACH Statement**

Per the European Union (EU) regulation 1907/2006 of 18 December 2006...Registration, Evaluation, Authorization and Restriction of Chemicals also know as REACH, CIT Relay & Switch is considered a provider of “articles.”

All of our products are assemblies/components, not raw materials. None of the materials used in these assemblies /components are substances of very high concern (SVHC). The total sum of all our assemblies/components in our articles imported into the EU is less than one metric ton per year (Ref. Title II, Chapter 1, Article 7). Given these conditions our current products are exempt from REACH pre-registration and later registration activities.

A handwritten signature in black ink, appearing to read 'Ivan A. Lee', is written over a horizontal line.

Ivan A. Lee / Quality Assurance Manager

Date: December 15, 2008
