FOR IMMEDIATE RELEASE

Capacitive Touch Illuminated Anti-Vandal Pushbutton from CIT Relay & Switch

Minneapolis, Minnesota – CIT Relay & Switch now offers capacitive touch technology with the TH Series illuminated anti-vandal switch. Ranging in size from 16mm up to 25mm, this versatile switch offers 30-Second Hold, momentary or latching functions giving the design engineer a multitude of options. IP67 sealing is standard with stainless steel switch body finish and a choice of two flush ring actuator sizes. Single or bi-color LED options and voltage choices of 5VDC, 12VDC or 24VDC make the combination choices endless. Wire length is 300mm but custom length options are available – contact CIT today!

Lead-time averages 7 to 9 weeks. Volume pricing is dependent on option choices. Contact CIT directly for a quote and sample to solve your Anti-Vandal Pushbutton switch needs.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
