FOR IMMEDIATE RELEASE

CIT Relay & Switch Offers Latching Relays

Minneapolis, Minnesota – CIT Relay & Switch now offers two latching relays - the L115F1 Series with switching capacity up to 50 amp and the L114 Series, with switching capacity up to 16 amp. Both series are UL/cUL approved and can withstand heavy contact load with strong shock and vibration resistance. The L115F1 Series is a single coil relay and the L114 is available in both single coil and double coil. The CIT Relay & Switch Latching relays are UL F class rated standard and are ideal for energy smart applications.

Pricing ranges are dependent upon options and volume. Contact CIT Relay & Switch for lead-time information.

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel and surface mount styles. CIT Relay & Switch products are supported by a worldwide network of distributors and sales representatives. For more information about the CIT Relay & Switch L115F1 Series relay or any of the CIT relay or switch products, contact CIT Relay & Switch, 14680 James Road, Rogers, MN 55374.
