CIT Relay & Switch offers On-Site Premier Test Lab

Minneapolis, Minnesota – CIT Relay & Switch is the premier test lab for failure analysis and material testing, helping our customers solve their toughest problems.

Our aim is to establish long-lasting relationships with our customers by providing comprehensive technical expertise using our state-of-the-art test lab. Providing accurate, concise solutions, we give our customers the best explanation about why their components perform the way they do.

The CIT Relay & Switch testing group relies on the extensive resources of our entire organization, using advanced tools and techniques.

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel and surface mount styles. CIT Relay & Switch products are supported by a worldwide network of distributors and sales representatives.
