### **CIT Relay & Switch offers VM3 Series Snap Action Switch**

Minneapolis, Minnesota – The CIT Relay & Switch VM3 snap-action switch offers a choice of SPST OR SPDT circuit. These UL/CUL recognized switches are available in 0.187" or 0.250" quick connect terminals. As with all CIT switch product, our snap-action switches are RoHS compliant and include multiple gram force options and standard and custom levers.

Common applications for the VM3 Series snap-action switches include leveling and safety switches in elevators, vending machines and door detection. They are ideal for use in security, medical, process controls, business machines, HVAC, material handling, vending, gaming, circuit breakers and household appliances. Pricing ranges from **\$0.36** and up, dependent upon options and volume. CIT Relay & Switch lead time is six to eight weeks.

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel and surface mount styles. CIT Relay & Switch products are supported by a worldwide network of distributors and sales representatives. For more information about the CIT Relay & Switch VM3 Series switch or any of the CIT relay or switch products, contact CIT Relay & Switch, 14680 James Road, Rogers, MN 55374.
